

COALITION TO SAVE WESTMINSTER CHOIR COLLEGE IN PRINCETON

Dear President Dell'Omo,

I am the parent/guardian of a student currently enrolled at Westminster Choir College of Rider University. I chose Westminster because of its international reputation, its impressive faculty, and the rigorous, residential conservatory experience they receive on its campus in Princeton, NJ. I believe that a move to the Lawrenceville campus will adversely affect the students' education and the school's reputation.

The announcement of Rider's financial woes came as a surprise to my child and to me. I cannot understand why this news has just emerged, why the parents were not informed before we enrolled, and why we were not informed of this situation before our children were, especially since we pay the tuition. I am gravely concerned about the future of my child's education.

I vehemently oppose the relocation of Westminster Choir College to the Rider campus in Lawrenceville.

Respectfully,
